**Re: Romsey Golf Club 2023-2024 Membership categories and fees**

The Committee has reviewed the current membership categories and fee structure in line with the strategic plan and its accountability to operate the club in a financially sustainable manner. As such the committee saw the need to review the fee offerings and pricing. The points considered in making these decisions are summarised below:

- Continuing and escalating inflation rates
- Affiliations and insurance costs
- Providing a “futures’ fund for infrastructure projects
- Membership accessibility for all the community
- Members demographics and the need to attract a younger and more diverse membership base
- Simplification of member categories categories

**The 2023-2024 Membership categories and fees are:**
